

A blurred, low-angle shot of a crowd of people walking, likely in a city street. The image is out of focus, emphasizing movement and a sense of a busy urban environment. The colors are vibrant, with many people wearing bright clothing like yellow, green, and blue.

# URBAN THINKERS CAMPUS

THE CITY WE NEED

**UTC today and tomorrow...**

# WHAT WE HAVE DONE: INTERTWINING GLOBAL AND LOCAL PROCESSES

## INTERIM BALANCE

- Through broad participation processes a local manifesto, was formed into the local mission statement „Leitbild Mannheim 2030“
- Goals were included locally in the municipal budget of 2020/2021
- Goals are to be implemented through cooperation with civil society and the private sector
- Future Challenge: Measuring the impact of the UTCs and the Mission Statement on the indicators of each goal

# SUGGESTIONS FOR FUTURE UTCS

## Relevant Topic:

- Several UTCs deal with the same **set of related SDGs** simultaneously.
  - ✓ exchange results through live streams
  - ✓ enrich dialogue cross-sectionally
  - ✓ cooperation of partner cities through UTCs

- e.g.: Climate, environment and alternative mobility

- or Equality, diversity and integration

## SUGGESTIONS FOR FUTURE UTCS II

Relevant Indicator:

- One **Indicator** of one (or several) SDG(s) is treated specifically by different UTCs
  - ✓ develop different solutions for common goal in diverse environments
  - ✓ measure impact of UTCs on indicator
  - ✓ broaden existing sets of tools and measures
- e.g: CO2 - emissions per capita
- Long-term unemployment rate
- Share of students finishing school
