Registration for Primary School School Year 2021/2022

www.mannheim.de/grundschulanmeldung

Dear Parents,

A new phase will begin in your child's life in the coming 2021/2022 school year.

We would like to tell you what needs to be taking into consideration when registering so that your child enjoys a successful start to his or her school life.

When can you register your child?

Thursday, 25. February 2021

9:00 am – 12:00 noon

Friday, 26. February 2021

9:00 am – 12:00 noon & 2:00 – 4:00 pm

Individual school may offer additional dates for registration

www.mannheim.de/bildung-staerken

At which primary school do you have to register your child?

Your child's future school is dependent upon your place of residence where you are registered and can be looked up at www.mannheim.de/grundschulfinder. Your local kindergarten or primary school can also provide the necessary information. A list of all primary school districts, schools and day care centres can be found in this pamphlet.

Please come to register together with your child and bring the following documents with you:

- Your child's birth certificate (and if possible the family register)
- Proof of your child's religious affiliation
- Proof of deferment if you applied for this last year

When is your child legally obliged to attend school?

If your child was born before 01.08.2015, he or she is of school age and is obliged to attend a primary school. Children born between 01.08.2015 and 30.06.2016 can also be registered to attend school. In this case the school administration decides whether to accept your child's enrolment.

Is it possible to defer school attendance?

Fundamentally it is possible to defer your child's attendance at primary school for a further year. You must submit a written application for deferment to your local primary school. The decision to defer school attendance is made by the school board, based on the review of a public health office and/or educational/psychological report from the Department of Health. Usually the deferred child must attend remedial classes at a primary school.

Available Childcare Services in Schools

The city of Mannheim files all parental requests for childcare services electronically in the central registration system MeKi (Meldesystem Kinderbetreuung). Additional information can be obtained by calling tel. 06 21/293-38 88 or online: www.mannheim.de/de/bildung-staerken/vormerkungen-fuer-die-betreuung-von-kindern.

Answers to Other Questions

Answers to any additional questions you may have can be obtained by directly contacting the corresponding primary school for your area or by contacting Frau Guth at the Department of Education: Tel. 06 21/293-99 69, manuela.guth@mannheim.de

Addresses and Contact Details

In addition to school contact details, this list also contains information about all-day schools, accessibility for physically handicapped children (Barrier-free), inclusive teaching methods and childcare services and offers within the framework of the reliable primary school programme).

- A** All-day School **B** Barrier-free (Full accessibility)
N Nursery Groups **R** Reliable Primary School

Which factors should parents of children with a disability, impairment, disadvantage or chronic illness pay attention to?

The academic education of young people with disabilities is the responsibility of all types of schools. A step-by-step procedure is provided for the fulfilment of compulsory education in the case of a claim to a special educational offer. You are kindly requested to contact your local primary school in autumn 2020 for a consultation.

1. If the parents apply to the State Education Authority, the latter examines their entitlement to a special educational offer within the framework of a special educational report.
2. Once their entitlement has been confirmed, parents can choose between enrolling their child in a special education and counselling centre or in a regular school as an inclusive educational offer. The Mannheim State Education Authority counsels parents.
3. If the parents select the inclusive educational offer, the State Education Authority carries out an educational planning with an educational track conference. The parents then receive a formal notification to the school and are able to register their child at the designated regular school.

Further information and contact addresses can be found on the homepage of the Mannheim State Education Authority: *Themen und Schularten/Inklusion* and via telephone at 06 21/292-4133 or -4134. You can also obtain information and advice from the Health Department of the City of Mannheim, Tel. 06 21/293-22 75

This flyer is available online in **Bulgarian, German, Italian, Polish, Romanian, Russian, Turkish and Arabian**: www.mannheim.de/grundschulanmeldung
