STADTMANNHEIM²

Bildung

Registration for Primary School School Year 2023/2024

www.mannheim.de/grundschulanmeldung

Dear Parents,

A new phase will begin in your child's life in the coming 2023/2024 school year.

We would like to tell you what needs to be taking into consideration when registering so that your child enjoys a successful start to his or her school life.

When can you register your child?

Thursday, 9. February 2023

9:00 am – 12:00 noon

Friday, 10. February 2023

9:00 am – 12:00 noon & 2:00 – 4:00 pm

Individual school may offer additional dates for registration

www.mannheim.de/bildung-staerken

At which primary school do you have to register your child?

Your child's future school is dependent upon your place of residence where you are registered and can be looked up at www.mannheim.de/grundschulfinder. Your local kindergarten or primary school can also provide the necessary information. A list of all primary school districts, schools and day care centres can be found in this pamphlet.

Please come to register together with your child and bring the following documents with you:

- Your child's birth certificate (and if possible the family register)
- All passports of your child
- The original vaccination certificate
- Proof of your child's religious affiliation
- Proof of deferment if you applied for this last year
- The schools ask for official proof of the enrolment examination carried out
- And in the case of single parents, proof of custody

When is your child legally obliged to attend school?

If your child was born before 01.07.2017, he or she is of school age and is obliged to attend a primary school. Children born between 01.07.2017 and 30.06.2018 can also be registered to attend school. In this case the school administration decides whether to accept your child's enrolment.

Is it possible to defer school attendance?

Fundamentally it is possible to defer your child's attendance at primary school for a further year. You must submit a written application for deferment to your local primary school. The decision to defer school attendance is made by the school board, based on the review of a public health office and/or educational/psychological report from the Department of Health. Usually the deferred child must attend remedial classes at a primary school.

Available Childcare Services in Schools

The city of Mannheim files all parental requests for childcare services electronically in the central registration system MeKi (Meldesystem Kinderbetreuung). Additional information can be obtained by calling tel. 06 21/293-38 88 or online: www.mannheim.de/de/bildung-staerken/vormerkungen-fuer-die-betreuung-von-kindern.

***Wichtige Info:** For the **Spinelli** school district, registration will take place on 07. and 08.02.23 each 8.00 – 12.00 at Bertha-Hirsch-Grundschule, Elisabeth-Altman-Gottheiner-Str. 26 in 68309 Mannheim (Käfertal).

FAQ Spinelli see:
www.mannheim.de/grundschulanmeldung

Answers to Other Questions

Answers to any additional questions you may have can be obtained by directly contacting the corresponding primary school for your area or by contacting Frau Vogel at the Department of Education: Tel. 06 21/293-79 03, erika.vogel@mannheim.de

Addresses and Contact Details

In addition to school contact details, this list also contains information about all-day schools, accessibility for physically handicapped children (Barrier-free), inclusive teaching methods and childcare services and offers within the framework of the reliable primary school programme).

A All-day School **B** Barrier-free (Full accessibility)
N Nursery Groups **R** Reliable Primary School

What do parents of children with disabilities, impairments, handicaps or chronic illness need to take into consideration?

Based on the results of a special educational needs report, the State Education Authority of Mannheim has ascertained a special educational needs focus. After extensive consultation, parents and guardians have opted for whether their entitlement to a special needs education programme should be met within a general education environment or in an SBBZ – Sonderpädagogisches Bildungs- und Beratungszentrum (special needs education and advisory centre, formerly known as a special school). Applications for inclusive education should be handed in to the relevant primary school or to the SBBZ assigned to the report. The application form can be obtained from the head of the general education school or the SBBZ. Once it has received this, the State Education Authority will start planning the educational pathway that will find a suitable place of learning for your child.

Please ensure that you make early contact with the head of the relevant primary school or Early Intervention Centre in autumn 2022 to arrange a consultation meeting. Information and advice is available from the relevant schools, the Cooperation Office at the Mannheim State Education Authority (tel. 06 21/292-41 33 or 41 34 (answering service outside of office hours), the Municipal Health Department of Mannheim, school nurseries, all Early Intervention Centres and the Early Advancement Office of the State Education Authority of Mannheim.

This flyer is available online in **Bulgarian, German, Italian, Polish, Romanian, Russian, Turkish and Arabian:**
