

# Youth Support / leisure time and education for children and adolescents

**Youth centres, youth meeting points, adventure playgrounds; children and adolescent education, holiday offers, mobile youth work**

The Youth Support Department from the Children, Youth and Family Division at the Youth Welfare Office appeals directly to children and adolescents with its diverse range of offers.

The aim is to provide young people with an attractive range of leisure time offers, which are used and shaped actively by them. During this youth work, they can commit themselves and take on responsibility. They can implement their ideas, develop their strengths and receive important assistance in everyday matters.

Focuses of youth work under municipal sponsorship:

- [Neighbourhood-related youth work in eight youth centres and three youth meeting points](#)
- [Three supervised adventure playgrounds](#)
- Education play offers (e.g. [Spielmobil](#) and [puppet stage](#))
- Cultural projects for children and adolescents
- Media education
- [Political education work](#),
- [Co-determination of children and adolescents \(New link: \[www.68Deins.de\]\(http://www.68Deins.de\)\)](#)
- Cooperations with schools
